## High Performance Ford Mustang Kits

AMS Automotive has engineered high-performance industry-exclusive clutch kits for 1986-2004 Ford Mustang applications. Designed to match the performance enhances made to the vehicle, these upgrades provide up to 25% more torque capacity than the OE components.

Each upgraded 5-piece clutch kit includes a high performance pressure plate assembly, along with a high performance clutch disc that utilizes a choice of different friction material. SR100 upgrades utilize steel-backed organic friction material, SR200 upgrades utilize Kevlar® friction material and SR250 upgrades utilize dual friction (sintered metallic on the flywheel side and Kevlar® on the pressure plate side).

These Mustang applications are quite prone to clutch release problems due to stretched clutch cables and/or wear to the quadrant and firewall bushing. The solution is our exclusive 8-piece clutch kit that includes an adjustable firewall bushing, a Ford racing-style aluminum quadrant and a clutch cable, added to the upgraded 5-piece kit. These 8-piece upgrades eliminate "no-release" complaints and allow the clutch release point to be fine-tuned to a specific release point. This adjustment is not possible with the factory setup.

A comprehensive, easy-to-follow installation bulletin is included in each kit. Please refer to the following chart for application availability.

Year	Engine Size	Kit Number
2001-04	4.6L w/TR3650 transmission	* 07-024SR100
2001-04	4.6L w/TR3650 transmission	07-024SR200
2001-04	4.6L w/TR3650 transmission (8-piece kit)	* 07-024ASR100
2001-04	4.6L w/TR3650 transmission (8-piece kit)	07-024ASR200
1986-95	4.6L, 5.0L	07-042SR100
1986-95	4.6L, 5.0L	07-042SR150
1986-95	4.6L, 5.0L	07-042SR200
1986-95	4.6L, 5.0L	07-042SR250
1986-95	4.6L, 5.0L (8-piece kit)	07-042ASR100
1986-95	4.6L, 5.0L (8-piece kit)	07-042ASR200
1986-95	4.6L, 5.0L (8-piece kit)	07-042ASR250
1996-00	4.6L w/T45 transmission	07-042SR100
1996-00	4.6L w/T45 transmission	07-042SR200
1996-00	4.6L w/T45 transmission	07-042SR250
1996-00	4.6L w/T45 transmission (8-piece kit)	07-042BSR100
1996-00	4.6L w/T45 transmission (8-piece kit)	07-042BSR200
1996-00	4.6L w/T45 transmission (8-piece kit)	07-042BSR250
1999-00	4.6L Cobra w/11" clutch	* 07-043SR100
1999-00	4.6L Cobra w/11" clutch	07-043SR200
1999-00	4.6L Cobra w/11" clutch (8-piece kit)	* 07-043ASR100
1999-00	4.6L Cobra w/11" clutch (8-piece kit)	07-043ASR200

\* Note: Due to the OEM disc thickness, this kit utilizes high performance organic facings without a steel-backed lining.
