Series Upgrade Limited Warranty

Each Series Upgrade Clutch Kit (referred to in this Limited Warranty as a "Kit") is warranted to be free from defects in workmanship and materials, under normal use and service, for a limited period beginning on the date of installation and ending on the sooner of **three (3) months** or **three thousand (3,000) miles** after installation. This warranty is made upon the condition that, and is effective only if, at the time of installation, the pressure plate assembly, disc assembly, release bearing, and pilot bearing/bushing are properly replaced, and the flywheel is properly resurfaced and replaced.

There shall be no obligation under this limited warranty unless the Kit is returned with all original components (including pressure plate assembly, disc assembly, release bearing, and pilot bearing/bushing).

This limited warranty does not apply to the following (and does not apply to claimed defects arising from or related to the following):

- Any Kit or component used in applications and/or environments for which the Kit or component was not designed.
- Normal wear and tear.
- Improper Installation or lack of maintenance.
- Any Kit or component that was altered, repaired, or was damaged by accident, negligence, or misuse
- Any Kit or component damaged by excessive heat caused by slipping.
- Pressure plate assemblies or disc assemblies with oil contamination, grease contamination, or rust.
- Pressure plate assemblies with bent or broken drive straps.
- Disc assemblies with damaged, mashed or worn stop pins, broken retainer plates, damaged hub spines, or missing/broken damper springs.
- Disc assemblies or release bearings installed backwards or improperly.

The right to inspect a Kit and/or any Kit component to determine if the Kit or component has failed because of a defect in workmanship or materials is expressly reserved.

No other warranties, guaranties, or representations of any type (express or implied) are made with respect to the Kit or any Kit component, and all warranties (including any implied warranties of reasonable care, merchantability, or fitness for a particular purpose) are disclaimed. This Limited Warranty does not cover labor charges. All incidental or consequential damages, from any cause whatsoever, and any such liability, is disclaimed. The sole remedy for any claimant under this limited warranty shall be the repair, replacement, or credit for the Kit or component as determined to be defective by the authorized warranty inspector (and in the sole and final discretion of the authorized warranty inspector). Any liability for damage arising out of or related to a Kit, any Kit component, the purchase of a Kit or Kit component, or the installation of a Kit or Kit component (whether for breach of contract, tort (including, without limitation, any negligence or strict liability), or any other claim or cause of action), is limited to the repair, replacement, or credit of the Kit or Kit component (in the sole discretion of the authorized warranty inspector). The liability limitations contained in this Limited Warranty shall inure to the benefit of all sellers, retailers, distributors, suppliers, wholesalers and manufacturers of the Kit and Kit components.

How to Exercise Your Warranty

Any claims for defects under this limited warranty should be submitted promptly to the authorized distributor from which the Kit was purchased. Any defective part as determined in the discretion of the authorized warranty inspector will be repaired, replaced, or credited (at the discretion of the warranty inspector). The purchaser will be responsible for all return shipping charges and related costs.
